HARVEST

Manual selection of the grapes harvested slightly ripening from a thirty years old vineyard very well exposed. The terroir granting these grapes thermal excursions that together with the excellent “grassing techniques” usually used by us, give to this wine an abundance of floral scents as well as a strong reminder of the fruit.

WINE MAKING

This wine is made from a maceration with the skins for a period of 15 days during which were made 3 daily pumping. The wine was then racked into barrels wood and allowed to stand until the end of malolactic fermentation.
